Policy for Voluntary Freezing/Blocking of the Online Access to the Trading Account

In compliance with SEBI Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/4 dated 12.01.2024 & NSE Circular No. 24/2024 & BSE Circular No. 20240408-12 dated 08th April 2024, we have provided a facility using which clients may put in a request to freeze/block their trading account on account of suspicious activities (e.g. if they suspect someone else has gained control over their trading account and / or if there is any unauthorised activity).

The following are the two modes of communications through which clients may request for voluntary freezing/blocking of their online trading account:

a) By emailing from the client's registered e-mail ID to stoptrade@360.one

OR

b) By sending an sms from your registered mobile number to our Compliance officer, Mr Dinesh Tanwar, on (+91) 9987635146 . Details of the Compliance officer can be found on our website, <https://www.360.one/wealth-management/dsl/>

The timelines for freezing/ blocking of the online access of the clients' trading account are as follows:

Scenario	Timelines for issuing acknowledgement as well as freezing / blocking of the online access of the trading account.
Request received during the trading hours and within 15 minutes before the start of trading.	Within 15 minutes
Request received after the trading hours and 15 minutes before the start of trading.	Before the start of next trading session

360 ONE DSL shall unfreeze the trading account and allow online access after carrying out necessary due diligence including investigation of the activities of the account and explaining them to you (our client). If you are satisfied and request for unfreezing, we will unfreeze the account.

It is clarified that:

- a. Freezing/blocking is only for the online access to the client's trading account, and there shall be no restrictions on the Risk Management activities in the Account (e.g. margin calls, settlement). All unexecuted orders of the client will be cancelled within the time stipulated in Table 1 above. However, if any orders have already been executed within this time, then the client will remain responsible for those trades. 360 ONE DSL will revert to the client within one hour of freezing on the client's open derivative positions and seek instructions on how the client would like to deal with them. If the client instructs to close these positions, these would be closed and any losses / gains accruing from such closure will be posted in the client's ledger. If the client decides to carry the positions until expiry, then the client will remain responsible for honouring all margin calls, if any, failing which, positions will be dealt by 360 ONE DSL in accordance to its Risk Management Policy, without making any further reference to the client.
- b. Upon receipt of freezing request from the client, 360 ONE DSL will freeze the trading account of the client at our end and will not mark the client's Unique Client Code (UCC) as "inactive" in the Exchange records.

Policy for Good Till Cancel (GTC) Orders

NSE Circular No. 40/24 dated June 21, 2024 (download ref No. NSE/INSP/62528) requires that Brokers set down a policy for the treatment of Good Till Cancel (GTC) orders in the light of GTC orders remaining alive at discrepant prices, as market conditions change or in the event of corporate actions being declared on the stock.

It has been seen from past experience that most of the GTC orders are in the commodities space. Those are not affected by price changes resulting from corporate actions.

GTC orders relating to stocks are affected by corporate actions like dividends, issue of bonus shares, splits mergers / amalgamations and buy-backs. Cash dividends also have an impact on the price of shares, but this is usually not material and hence, can be ignored.

Keeping this context in mind, the following policy is being implemented:

1. In order to ensure that prices of open, unexecuted orders do not become discrepant with market conditions, all stock GTC orders will be cancelled automatically in 60 working days. This also means that good till date (GTD) orders cannot be input for more than 60 working days
2. When there is a corporate action on a stock (dividends, bonus shares, splits, mergers / amalgamations and buy-backs), clients receive intimation through the registrar and transfer agent of the respective company. Additionally, at least one day prior to the ex-date of the corporate action, the Broking Risk team will identify GTC orders that are pending for that stock and reach out to the respective RMs / SRMs of those clients who will in turn seek to reach out to the client on a best efforts basis in order to inform the client of the corporate action. If the client wants the order to be deleted (instruction needs to be received by the RM / SRM/ dealer of the client from the registered email / mobile number of the client), then they will get the order deleted from the pending order book. The client can place a fresh order with a different price at his / her discretion. The client can also choose to do nothing, in which case, order will remain alive until the order is cancelled in the ordinary course (after 60 working days from inception).
3. GTC orders can continue in commodities without the above constraints, since in the case of commodities, execution happens whenever liquidity is available.

For any queries on this policy, clients can reach out to their respective Relationship Managers / Service RMs/ Dealer or to the Compliance officer, Mr Dinesh Tanwar (Mob: 9987635146 / dinesh.tanwar@360.one).
